

TRUST IN THE GOD

OF GREAT DEEDS

PSALM 115

Bishop Tshalo Katshunga

It's better to trust in a God who is big enough to respond to our many needs with his great deeds.

To look somewhere else for provision and protection is both foolishness and vanity.

Great Deeds

“Man’s many needs demand for a God who can respond with great deeds.”

God’s great deeds in response to our many needs are predicated on account of

HIS NATURE

Great Deeds

HIS NATURE:

His LOVING kindness

His MERCIFUL love

His GRACIOUS love

His FAITHFUL ways

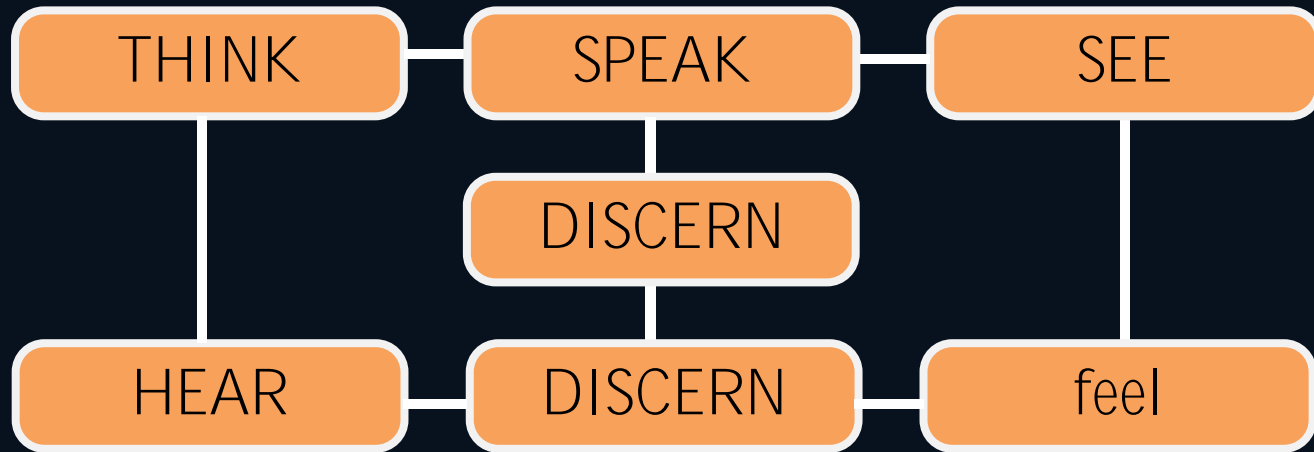

Great God

His greatness is vindicated by

- His Position
- His Disposition

Great God

1. His ability to:

“You get to know someone by seeing what he does with his life, meeting him, and doing things together.”

(Martin Visser)

Great God

1. His ability
2. Idols are helpless and hopeless dead-toys.

“When men worship things beneath them,
it brings them lower.”

“He must be very blind who
worships a blind god.”

(C. Spurgeon)

Great Wisdom

“Choices we make in life have
real consequences.”

Great Wisdom

“Look and Live.”

“Seek and Find.”

“Abide in Christ and Be Super fruitful.”

Great Wisdom

Choose to trust in God and enjoy his blessing

- Reliance for provision and protection
- Assurance for benevolence
- Contribution for the greater good
- Dedication because of a self-committal

Would you turn your silence and
Indifference into continuous
praise for him?

The dead cannot | The wicked will not | The careless do not
